

2026 N. C. Dental Opioid Course

(for 2027 N. C. Dental License Renewal)

General Information

I am pleased to announce that I will once again offer our [N. C. Dental Opioid Course for 2026](#). The N. C. Dental Opioid Course, in its 10th rendition, is a course that fulfills the requirement each year for annual North Carolina dental license renewal. Our course meets national [ADA CERP](#) and [AGD PACE](#) standards. *(Note: If you do not have a DEA certificate, you may take the course but it is not required for N. C. dental license renewal).*

I will present this course specific to our dental practices as an update focusing on new and relevant changes to opioid epidemic and opioid prescribing while entertaining clinical questions that we face as practitioners.

It would be an honor to have you in attendance at one of our opioid courses and I look forward to meeting you either In-Person, Zoom, or On-Demand.

Thank you!

Bill
